Project Proposal

Love In Action Soup Kitchen Jamaica

A message from Sister John

The Love in Action Soup Kitchen is a blessing to those in need. Since February, lunch boxes have been provided for the poor and destitute. Sister John shares what they have achieved and how the volunteers of the kitchen play a huge part in the success of this program. "We are trying to spread a culture in which volunteers serve and respect the poor, not themselves. Spiritual education will also be provided for volunteers." Sister John also speaks about humility and compassion for those who are forgotten. "I can be humble in the face of my own limitations which requires a lot of patience, the compassion of Jesus and endless courage, to help those who do not ask for anything."

Project Need

The Love In Action Food Kitchen served a total of 10,690 meals in 2022. This was on Wednesdays and Fridays. (This limit of two days was due to COVID-19 restrictions and budget issues). In 2023, from January to March, there were 3,300 meals served on Mondays, Wednesdays and Fridays. There had been some issues in distributing the food, but Sister John was able to secure many volunteers which adds to the success of the program. Many people are grateful for these meals as they might be the only source of food they see all week.

Sister John spoke of a gentleman called Mr. William, whom she met four years ago. She said, “The first thing I felt when I saw William's house was that a person can't live in such a place.” Mr. William lives in tents under a large tree opposite the Walker Commission in Montego Bay. There is no water or electricity. The space is cramped, smells badly, and filled with moldy vinyl tents and wooden boards. For a 70-year-old man, this is no way for him to live. Sister John has been able to provide Mr. William with meals and is happy when she can give him more than one meal a week for his nourishment. She also gives him a care package once a month, so that he can keep his health in check. It is only because of your kindness that meals can be provided to people like Mr. William, and with your continued support, we can provide even more nourishment to those in need.
